FarmCon 25 Announced: Farming Simulator Fans Gather at Lindner in July

- Next annual FarmCon will be held at Lindner in July 2025
- Tickets now available at Eventbrite - goodie bags included
- Special dinner ticket available for an exclusive developer meetup

GIANTS Software has just released Farming Simulator 25 to widespread acclaim and success and is already gearing up for its next community event to celebrate: The publisher and developer of the family-friendly series announces FarmCon 25 to be held the weekend of July 5-6, 2025. Tickets are now available, goodie bag included.

Meeting the Devs at Lindner in Austria

The annual event for fans, modders, and influencers to meet the team and creative minds behind Farming Simulator takes place at the Innovation Center of the renowned agricultural manufacturer and long-time partner Lindner in Kundl, Austria.

"We're thrilled with the amazing reactions from the community to Farming Simulator 25! This enthusiasm motivates us every day, and we can't wait to reveal more exciting updates at FarmCon" comments Christian Ammann, CEO at GIANTS Software. "We're also incredibly grateful to Lindner for providing the venue for this year's event. Their unwavering support and contributions truly elevate the experience for everyone. See you at FarmCon 25!"

As is tradition since the first FarmCon in 2016, visitors get the chance to learn more about current and upcoming Farming Simulator 25 projects from the developers during their stage presentations and talk to them directly in Q&A sessions and meetups. A highly limited dinner ticket will give attendees the rare opportunity to meet the developers in a more personal and exclusive setting over dinner.

Stage Presentations, Factory Tours & Tractor Driving

GIANTS Software and Lindner will offer a variety of activities on and off the stage. Visitors can also take factory tours and, if they're quick enough, get a ride on Lindner's iconic red tractors on the test track. Meanwhile, many fans catch up with old and new friends or meet some of their favorite influencers.

About Farming Simulator

Since 2008, over 40 million units of Farming Simulator have been sold worldwide. The game series has been released on all popular platforms including consoles, mobile phones, tablets and PCs since then. From the start, the team enabled users to create mods with the company's own GIANTS Engine. With the Farming Simulator League (FSL), the series introduced a competitive esports mode in 2019 – with teams competing in professional tournaments and many acclaimed brands and sponsors on board.
